Health Care Notification Policy Our health care staff will make an effort to contact you by phone, using the phone numbers provided on your child’s health form, if your child has need for out-of-camp healthcare. Because of the timing and scheduling conflicts, we cannot promise that we will be successful in reaching you. Please make sure we know how to reach you during your child’s stay. In addition to phone contact, we will provide you with a written summary about out-of-camp health care given to your child. We generally do not contact you if your child is seen in the camp health center for routine problems (e.g. skinned knees, sore throat, and headache) that do not require physician referral. The decision to consult you for routine, in-camp healthcare is determined on a case-by-case basis for our provider. You will typically be notified if your child visits the health center with a repeated complaint, or if your child’s condition does not improve in a reasonable amount of time.

Please check one of the following and sign below:

- I understand and agree to the “Healthcare Notification Policy” enumerated above:
Or
- I wish to be contacted before the camp staff administers any medical care (other than emergency care) to my child.
Note this may result in a delay in non-emergency health care of your child.

Over-the-counter Medications I (parent/guardian) understand that I may not send my child to camp with over-the-counter drugs that my physician has not signed for on the Physician Orders Form. I also understand that dosages will be administered according to the physician’s orders. I also understand that Guggenheim cannot administer over-the-counter medication even if the healthcare center has it in stock if a child does not have a physician’s order for that particular medication.
